GRANGEVILLE INTERAGENCY DISPATCH - STANDARD OPERATING PROCEDURES

Extreme 68 +	Control	Same as above
-----------------	---------	---------------

Notify: **Duty Officers:** **Craigmont office will have call forwarding during fire season. 208-924-5571**

- Thom Hawkins – 208 924-5029
- Kevin Benton – 208 791-6298
- Tim Tevebaugh – 208 937-0104

Special Considerations:

- FM C (BI) used in Camas Prairie grass lands. Use Slate Cr. Indices for FM C.
- Under Moderate fire danger, dispatch helicopter when available.
- Beware of thermal belts between '3500 & '4000 in the river canyons.
- When operations involve federal lands, Dispatch contacts appropriate agencies for dispatch of Resource Advisor
- Risk Levels reflects suppression response priorities. Risk Level Area 1 being lowest response priority and Risk Level Area 4 being highest response priority.
- Contact county dispatch centers to request Rural Fire Department assistance.
